

DONATE AND VOLUNTEER

FOSTER

CVVC Rescue needs foster homes that have Vizsla experience. The Rescue Coordinator will work with you to ensure you are paired with a rescue that suits your home environment. It is particularly difficult to find foster homes for older dogs that may require extra attention, or dogs that will need surgery and a place to recover. Please consider the rewarding experience of fostering a dog in need.

TRANSPORT

Sometimes we need transportation assistance. You could be headed to a dog show or field trial out of state, and we need to send dogs in the same direction – then perhaps you can help? Sometimes dogs need transportation to and from the vet, especially if they are visiting a specialist that is out of the immediate area.

SHELTER CHECKS

If you see or hear of a purebred Vizsla in a CT/NY area shelter, please contact us immediately. We might be able to save a Vizsla that otherwise may be put down, or may be adopted to a home that doesn't understand the needs of the breed.

FUNDRAISE

Creative homemade items can be sold, and proceeds could be donated to rescue. If you are a breeder you could ask that all your puppy buyers donate to rescue. If you are a stud dog owner you could ask that the bitch owner donate a set amount in honor of the breeding. If you accomplish something special with your Vizsla, consider donating in memory of that special event. If you lose your dog to a hereditary illness, consider donating to rescue.

DONATE

Rescue needs donations to continue operating. If you can donate, please send a check payable to Connecticut Valley Vizsla Club and mail to our Treasurer at:
