

Public Lands Belong to You.
VOTE YES ON QUESTION #2
TO PROTECT YOUR LAND & YOUR VOICE

Preserve your cherished landmarks by:

- Requiring public hearings before your state parks, forests, and other valuable public lands could be sold, swapped, or given away.
- Improving accountability and transparency of public land transactions.
- Making it harder for the CT General Assembly to sell, swap, or give away your state parks, forests, and state-owned farmlands.

IT'S YOUR LAND.
YOU SHOULD DECIDE HOW IT'S USED.

VOTE YES ON QUESTION #2
TO PROTECT YOUR LAND & YOUR VOICE

MAKE YOUR VOICE HEARD

Currently, the General Assembly can require the sale of state parks, forests, and other valuable public lands with no public input.

Voting YES would require a public hearing and a 2/3 vote from the General Assembly before your state parks and forests could be sold, swapped, or given away to private companies or local governments.
